Date: 27.04.2023

Time: 12:30 pm

Venue: Kidderpore College

"Educate and raise the masses, and
thus alone a nation is possible."

- Swami Vivekananda

"Education is the most powerful
weapon which you can use to
change the world."

— Nelson Mandela

ABOUT COLLEGE

Kidderpore college was established in 1966. It is affiliated to Calcutta University and it is included in the list of colleges under section 2 (f) & 12 (B) of the UGC Act, 1956 under the head of Non-Government College teaching upto Bachelor's Degree.

Kidderpore, also called Kabitirtha, is a centre for cultural heritage. It has given birth to numerous academics and poets. A number of scholarships were offered to the deserving students in the names of these illustrious families in an effort to uphold that tradition and encourage education among the local young. The generosity of the locals continues to benefit the College.

Kidderpore college is committed to the cause of higher educational development through relevant courses. A friendly environment is maintained by teaching and non-teaching staffs

ABOUT DEPARTMENT OF EDUCATION

The Department of Education offers both Honours and General courses under the guidelines of the University of Calcutta. The primary mission of the department is to provide quality education. The faculties of the department, are responsible for ensuring the all round development of the students, are committed to provide the opportunity to the students for acquiring required knowledge and skills to live in 21st century that will enable them develop their full potential and to develop positive attitudes and values in them so that they can turn themselves into competent human resources and responsible citizens of this great country. They encourage the students to participate in various academic and non-academic programs such as debate, quiz, extempore etc. held at institutional, state and national level. To improve the students' learning various teaching methods are used through online and offline mode. The department creates conducive learning environment for its students. It organizes seminars, workshops etc. at institutional, state and at national level.

Kidderpore College)

ABOUT NEP-2020

The last and most effective tool for bringing about positive social change is education. In an effort to improve the system, situational adjustments have been made to guarantee system fitness through effective participation. Based on the number of suggestions made here previously, The National Education Policy 2020 is likely to result in a significant paradigm change with the overarching goal of revolutionizing education. It is essential to spread thorough knowledge and awareness of the NEP-2020 among all societal groups. The policy states that education is essential for realizing one's potential as a whole person, creating a just and equitable society, and advancing national development.

The best method to develop and use our nation's many talents and resources for the benefit of the person, the society, the nation, and the world is through universal high-quality education. India will have the most young people in the world over the next ten years, and a concerted effort to give every citizen access to high-quality educational opportunities would secure the progressive and successful future of our nation's society while fostering national growth and sustainable future.

OBJECTIVES OF THE SEMINAR

- To know the vision of NEP-2020.
- To create the awareness about structural reforms in the education system.
- To understand and analyze curricular as well as pedagogical reforms suggested by the policy.
- To know the challenges on implementation of the policy in higher education.
- To discuss the policy implementation strategies in higher education.
- To talk about the role of academicians and society in policy implementation.
