

# PHOTO WALK AND PHOTO WORKSHOP

## DEPARTMENT OF JOURNALISM AND MASS COMMUNICATION

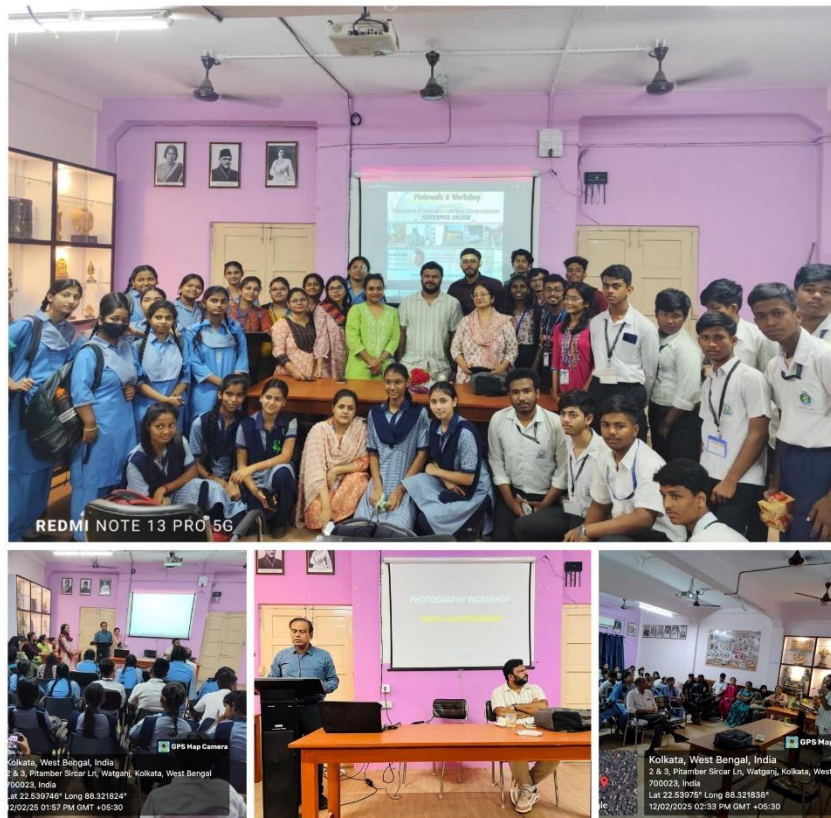

The Department of Journalism and Mass Communication, Kidderpore College, organized a PhotoWalk and Photo workshop on 12th February 2025. The event aimed to engage students in exploring the heritage sites of Kidderpore through photography and enhance their photographic skills.

The photo walk commenced at 10:30 a.m. where students visited the Bhukailash Rajbari and Temple, capturing the essence and esthetical beauty of these historical places. Then walking through the bustling narrow streets of kidderpore we went to the busy business hub called "Fancy Market" to capture the stories of tradecraft of the area.

Following the walk a workshop was organised too, which began with the address of Dr. Abhijit Ganguly, Principal Kidderpore College, Dr. Archana Pandey, TCS Kidderpore College and Dr. Srabani Roy Maiti, HOD, Department of Journalism and Mass Communication, Kidderpore College. All of them narrated the stories and importance of such events. Mr. Ishan Ghosh, a noted photographer and cinematographer, conducted a workshop, after the photowalk was over, covering the basics of photography. His engaging presentation and communication style proved invaluable to the participants. After the workshop, a question answer session was conducted where students' curious queries were answered by our expert, followed by a detailed analysis of the pictures clicked by our students during the photo walk. Certificates were also given at the end of the programme.

The event successfully combined practical experience with theoretical knowledge, fostering an appreciation for local heritage and enhancing photographic skills. The collaboration with local schools enriched the event, and the department plans to organize similar initiatives in the future.
